# Marathon Pants

Slimmer Cut: Great For Work or Play

Our models liked these pants so much, several wanted a pair to wear away from work! What's our secret? A more shaped fit that's super-comfortable combined with sporty, "go-anywhere" styling. This medium-weight 100% cotton twill fabric moves as you do and feels comfortable on, yet holds its form well. Pants include bold side leg striping, popular fly front design, 2" elastic waist with draw cord and four pockets - two in front and two in back. You'll get a lot of use from these pants: at work, home or just out and about.

# Expressions Chef Coats

Same Top Quality as our Traditional Coats

Marathon Part  
Expressions  
Chef Coats

**Better Fit:** more bicep, underarm & neck room  
**Bolder Style:** pure personality!

**T**urn up the traditional chef's look a notch (or two!) with these high-voltage screen-printed designs. Your favorite of the three images shown will be emblazoned across the coat's back in full detail, using a top-quality screen printing process that assures you vivid, long-lasting color.

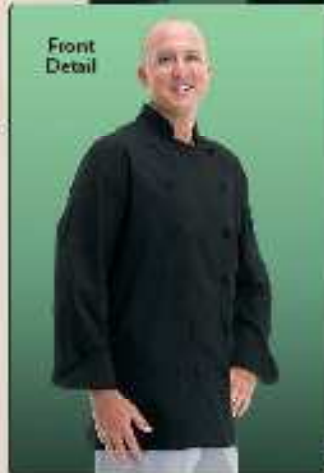

## What Makes the Fit and Feel So Extraordinary?

The coat is crafted from 100% cotton fine line twill that feels wonderfully soft on the skin. You'll enjoy our Traditional Fit which is more tailored and shaped to flatter your frame; extra room in bicep and underarms where you need it most; a slightly larger neck opening for more comfort; and built-in underarm vents to keep you even cooler during overheated shifts. There's also a convenient double pocket on the left sleeve. Our knotted cloth buttons are as durable as they are elegant. Unlike similar-looking models, these buttons stay firmly in place without sagging. Your choice of white or black coat color.

Also available in white.
